

Massabesic Audubon Center

January & February Family Programs

NEW! Binocular Workshops

Cost: \$3 Members/\$5 Non-Members

Sundays, January 3 & February 7, 1–2 pm

Join us for a basic workshop on how to choose and use binoculars. We'll talk about magnification, objective lens size, quality, and how to pick the right pair for you. Try them out during our Sunday backyard birding and ask questions of our experienced birder.

Watching Clouds: What They Are; What They Tell Us

Saturday, January 9, 1–3pm

Cost: Individual: \$6 Members/\$9 Non-Members; Family: \$15 Members/\$25 Non-Members

Join retired Certified Consulting Meteorologist and USAF meteorological scientist Hank Chary for a program on clouds. We'll discuss what clouds are, what the various types of cloud can tell us about the weather, and why certain clouds are associated with certain weather patterns. Rare is the day without some clouds; come and find out why. In addition to clouds we'll take a basic look at our atmosphere, what it is, and how it works.

Winter Festival

Saturday, January 23, 1–4pm

Cost: Drop in Fee– Individual: \$8 Members/\$10 Non-Members; Family: \$15 Members/\$25 Non-Members

Getting cabin fever? Come out and enjoy a mid-winter festival and learn about the history of winter activities in New Hampshire. We'll have a winter campfire, go on a tracking hike, make some crafts, meet some live animals (including our owl), and do some snowshoeing! Come back inside for hot chocolate and treats. Bring your friends!

Tracking workshop

Saturday, January 30, 1–3pm

Cost: Individual: \$8 Members/10 Non-Members; Family: \$15 Members /\$25 Non-Members

Leader: Alison Dixon, Volunteer Coordinator

Discover how much fun the woods and fields are in winter. Learn to identify the four track patterns and which animal makes which. Take a walk in the woods and see which animals have been out and about. Come dressed to be outside!

(continued on back)...

All About Animals:

A Nature Art Class for Families

Sundays, January 31 & February 14, 1–3 pm

Cost: \$85 per adult/child pair, \$25 per each additional child (for the series)

Join teachers from the Currier Museum Art Center as we play with clay and learn how to do printmaking. Artwork will revolve around live animals at the center and winter tracking patterns. Materials are included in the cost. Minimum 7 pairs.

ReptoMania

Saturday, February 6, 1–2 pm

Cost: Individual: \$10 Members/\$12 Non-Members; Family: \$15 Members/\$20 Non-Members

Leader: Angie Krysiak, Program Naturalist

Come learn about reptiles in New Hampshire-anatomy, species, habitat and more! Then get to meet and even hold some of our centers live turtles and snakes.

Regular winter weekend birding

Every Sunday, 2:00 pm

Cost: Free for Members/\$5 Non-Members

Drop in for Backyard Birding Basics and Winter Bird Identification. One of our avid volunteer birders will help you ID what birds you can expect to see at your feeders this winter. We'll have binoculars and field guides on hand for you to use.

Snake Feeding

FREE!

Every Sunday, 11:30 am

Come watch our ball pythons eat lunch! Learn about these incredible animals and even get to touch them.

Raven Feeding

FREE!

Every Sunday, 12:30 pm

Come watch as we give our raven his daily meal. Learn about what these birds eat in the wild and watch some of our raven's peculiar habits.

Sunday Afternoon Matinees

FREE!

Every Sunday, 1:00 pm

Watch nature videos with us in a gorgeous, peaceful setting. Different one shown every week!
